Hi Cynthia,

We just got our second electric bill for the Farmer's Market storage space and it went from 86.38 last month, to \$139.23 this month. I would think the Farmer's Market should pay this bill, I have done it for a couple of months, but this should be discussed at our next SWFM. In the meantime, I encourage a rigid setting of the AC (or turn it off), make sure all lights are off and let me know of any issues like dripping faucets and running toilets.

Thank you.

Miki
